Narratives

Disaster Damage:

Hurricane Katrina struck Louisiana's coast on August 29, 2005, claiming the lives of 1,464 Louisiana residents. Hurricane Rita followed three weeks later on September 24, 2005. The storms initially evacuated and displaced 1.3 million Louisianans and destroyed more than 200,000 homes, 10 hospitals and 200 square miles of Louisiana marshland. The storms also destroyed 40 schools, damaged 835 schools and flooded more than 16,000 businesses. About 178,000 jobs were lost in the New Orleans area alone. Louisiana was hit with the costliest disaster in US history followed three weeks later by the 3rd costliest disaster resulting in estimated property losses totaling more than \$100 billion.

Recovery Needs:

Coastal Louisiana sees progress and hard work ahead three years after the hurricanes. Estimates are available for the City of New Orleans regarding the impact of Hurricane Katrina on housing occupied by low to moderate income residents which are defined as those below 80% of the average median income (AMI). Those estimates produced by the Greater New Orleans Community Development Center show that 65% of the owner occupied units that were damaged or destroyed belonged to low to moderate income families. Low to moderate income families rented 89% of the rental units that were damaged or destroyed. An estimated total of 119,770 owner occupied and rental units serving the low to moderate income population, or 88.7%, were damaged or destroyed. Recovery will take time, but thanks in large part to federal funding through the CDBG program, progress in South Louisiana is evident. In the New Orleans metropolitan area, some signs of recovery are that roughly 87% of pre-storm populations and 76% of all public and private school enrollments had returned by summer 2008. The population of coastal Louisiana as a whole has rebounded since 2005 with only four parishes other than New Orleans still below their 2005 population estimates. Jefferson and Plaquemines Parishes have both seen major progress with 98% and 95% population recovery respectively, but Cameron and St. Bernard Parishes continue to lag behind other parishes with only 89% and 44% population recovery respectively. The demographics of the Greater New Orleans area continue to shift geographically as families and businesses continue to return or relocate into areas that were less impacted by flooding. St. Tammany Parish, already a rapidly growing Parish before the hurricanes, now has many more households, sales tax revenues, and higher home values than it did before Katrina. The overall progress in the population, economic, and housing recovery has continued to trend in a positive direction, though the pace of all three has slowed and even stagnated this past year. The post-Katrina housing market and over all economy surged for the first two years, but slowed and showed trends of stabilizing in 2007. Despite increased demand for construction labor, the New Orleans metropolitan statistical area is still down over 75,000 jobs from pre-Katrina levels. However, this represents a rebound from the all time low of 178,000 lost jobs. The New Orleans MSA is also still has about 3,000 fewer employers as it did prior to the hurricanes. So far, 2008 has showed less job creation, household rates have increased slowly, and home renovations and demolitions are half of what they were last year, but the trends continue to be positive. As a final point, New Orleans still has many challenges ahead as indicated by other numbers and trends. In the coming years the Crescent City may be straddled with 65,000 blighted or empty properties, quickly rising rents, now 46% higher than pre-Katrina, and wages not able to keep pace. In addition, the labor market for the service and construction sectors remains tight, while public service infrastructure remains thin. With more engaged citizens, businessmen, and government leaders, South Louisiana should be able to complete the hard work necessary to overcome many of the challenges that the city faces. New Orleans will be able to build a more robust economy and a better protected city. As we move past year three of our recovery, we anticipate further progress thanks in larg

Recovery Needs:

e part to the resources provided and programs designed through the Community Development Block Grant funding.

Activity Description:

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of RH Program purchased homes. The national objective and separate activity types will be added in advance of PI disbursement.

Moved to K/R Grant 2 as the PI generated will be expended on infrastructure projects and this type of expenditures cannot occur under Grant 3.

Activity Description:

Funds to investigate option 1 Road Home applicant properties who have not fulfilled covenant requirements.

Location Description:

Orleans Parish

Activity Progress Narrative:

Beacon of Hope (BOH) was given information on 1,000 Road Home Option 1 grant recipients that are past their three year covenant compliance period. BOH aimed to identify obstacles that have prevented these individuals from returning to their pre-storm properties and work with them, in conjunction with a network of non-profit and community organizations, to locate additional resources that may assist in their recovery efforts.

BOH completed field reviews of each property in their inventory. Of the 1,000 properties visited, 172 were determined to be occupied, 44 labeled as having repairs completed but unoccupied, 201 were identified as being in progress, 399 were uninhabitable structures, and 184 were vacant lots.

BOH was able to make contact with either the homeowner or someone with knowledge of the homeowner on 700 files. In addition, BOH referred over 300 homeowners to various non-profit/community organizations for further assistance.

The project concluded January 31, 2012.

Activity Description:

Providing relocation assistance to those Road Home applicants impacted by the installation of Chinese drywall after hurricanes Katrina and Rita.

Location Description:

Hurricane Katrina and Rita impacted parishes.

Activity Progress Narrative:

Expended amounts were not entered for this activity for the 4th quarter of 2010 and the 1st quarter of 2011. The following amounts should have been entered:

4th QTR 2010 = \$15,004.23

1st QTR 2011 = \$14,907.13

The Match Contributed was deleted this quarter as it was incorrectly entered during a previous quarter.

The total expended this quarter was \$69,955.78.

Activity Description:

This activity is currently serving as a place mark for the program income (PI) received until the CDBG eligible activities are determined contractually between the State of Louisiana and the individual parishes where the PI is generated as a result of the sale of RH Program purchased homes. The national objective and separate activity types will be added in advance of PI disbursement.

Moved to K/R Grant 2 as the PI generated will be expended on infrastructure projects and this type of expenditures cannot occur under Grant 3.

Match Contributed	\$0.00	\$0.00

Activity Description:

The Road Home Homeowner Assistance program provides financial compensation and advisory services will be available for homeowners who wish to select from one of the three following options: 1. Repair/Rebuild - financial incentives to repair or reconstruct on the same site; 2. Sell and Relocate within the state - purchase of the home by the program in exchange for an agreement to resettle in Louisiana; or 3. Sell and Relocate out of the state - voluntary sale of the home with no expectation of resettlement in the state. The allocation for this program represents uses an estimated 55% benefit to low and moderate income citizens. This estimate is based on first and second quarter data which differs from the Road Home registry data. The registry data showed 76.2% of the 107,713 registrants earned at or below \$50,000. Since the registry did not collect data on household size, it is impossible to estimate the number of low income households. This allocation amount and estimated performance will be continually modified as data on the actual applicants is collected. The amount allocated to LMI includes \$8,229,915 of Road Home start up costs that funded program design, the Road Home Registry call center and other start up costs.

Location Description:

The program will serve homeowners in at least 17 permanent and mobile homeowner assistance centers in disaster affected parishes and other areas in and out of state where concentrations of displaced citizens are located.

Activity Progress Narrative:

By the end of the first quarter of 2012, 166,107 applicants from the 229,430 received Road Home applications had been through the first appointment process to discuss disaster grant options. Currently, 130,047 of these applicants were determined to be eligible for a Road Home grant. No homeowners are appealing ineligibility as of 3/31/2012. Of those eligible, 129,977

have been awarded some type of a Road Home grant. Of those awarded a grant amount, 4 are appealing the award amount. The total amount disbursed by the Office of Community Development Disaster Recovery Unit (OCD-DRU) for closings occurring as of 3/31/2012 was \$8,873,494,026.95. The low-to-moderate income families in Louisiana are receiving \$4,795,986,565.75 or 54 % of this amount. The homeowners receiving grants in the New Orleans Metro Area total 101,013 and are receiving a total of \$7,653,047,312.18. -calculations done on data in the eGrants Reporting Database

Activity Description:

This funding is being expended to maintain single family homes falling in the option 2 and 3 categories of the Road Home Program.

Location Description:

Hurricane effected parishes.

Activity Progress Narrative:

In quarter beginning 1/2/2011, \$514,050 was returned, so expended was modified this amount this quarter. Vouchers in the DRGR System were edited in these amounts \$151,637.37, -\$979,544.87, \$112,500, -\$214,500, \$4,836.68, \$354,751.84, \$368,961.48, \$368,961.48, and -\$514,050.

In quarter beginning 7/1/2011, \$288,061.18, \$5,820 and \$421,589.82 were returned, so expended was modified this amount this quarter. Vouchers in the DRGR System were edited in these amounts \$193,835.6, \$13,063.09, -\$5,820, and -\$421,589.82.

In quarter beginning 10/1/2011, \$ 49,897.60 was returned, so expended was modified this amount this quarter by this amount. Vouchers in the DRGR System were edited in these amounts \$12,370, \$4,803.65, \$127,089.65, and -\$35,900.99.

The total expended for the 1st quarter of 2012 = \$6,232,347.39.

The total number of Road Home option 2 and 3 properties sold or returned to the parishes this quarter was 406. 849 homes not previously reported are also reported this quarter. Cameron, Orleans, and Jefferson Parishes have received properties to be used or sold at their discretion. The program income received for the sale of these homes is being reported in Grant 2 under each parish as a parish revitalization activity. Funding for this activity is used to maintain option 2 and 3 single family homes purchased by the State via the Road Home Program. This is the 14th quarter funds have been expended to maintain these homes.

Activity Description:

The Road Home Homeowner Assistance program provides financial compensation and advisory services will be available for homeowners who wish to select from one of the three following options: 1. Repair/Rebuild & financial incentives to repair or reconstruct on the same site; 2. Sell and Relocate within the state & purchase of the home by the program in exchange for an agreement to resettle in Louisiana; or 3. Sell and Relocate out of the state & voluntary sale of the home with no expectation of resettlement in the state. The allocation for this program represents uses an estimated 55% benefit to low and moderate income citizens. This estimate is based on first and second quarter data which differs from the Road Home registry data. The registry data showed 76.2% of the 107,713 registrants earned at or below \$50,000. Since the registry did not collect data on household size, it is impossible to estimate the number of low income households. This allocation amount and estimated performance will be continually modified as data on the actual applicants is collected. The amount allocated to LMI includes \$8,229,915 of Road Home start up costs that funded program design, the Road Home Registry call center and other start up costs.

Location Description:

The program will serve homeowners in at least 17 permanent and mobile homeowner assistance centers in disaster affected parishes and other areas in and out of state where concentrations of displaced citizens are located.

Activity Progress Narrative:

See Activity Narrative for Road Home - LMI (H300).
